

River Otters of South Florida

ROSF

RESEARCH AND CONSERVATION Hand Rearing and Rehabilitation

Florida Licensed Wildlife Rehabilitators (June 2023)

What to Do: Should you encounter an injured or “orphaned” river otter or any other animal (such as an amphibian, reptile, bird, or mammal) in Florida you may contact any number of the Wildlife Rehabilitators listed in the link below. The county and city locations of these rehabilitators are included to make your search easier.

Click this link: myfwc.com/media/5423/licensedwildliferehabilitatorsbyregion.pdf **Then click on** Wildlife Rehabilitators by Region and the list of rehabilitators will appear

NOTE: This link is functional as of June 2025.

The Above Source of Information: Florida Fish and Wildlife Conservation Commission

Should you wish to acquire a list of rehabilitators in your state go to your preferred search engine and search e.g. “Michigan wildlife rehabilitators”. This search technique was confirmed for several states. However, it cannot be confirmed that all states have “links” identifying wildlife rehabilitators.
